

## Comp Plan Changes

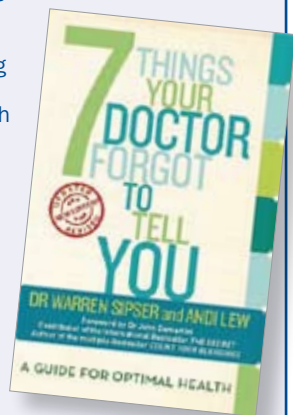

AIM Australia & New Zealand Members would have read about the changes to the Compensation Plan that become effective 1 March 2010. A new Compensation Plan booklet will be available through the AIM International website. Please note that AIM Australia & New Zealand will not be stocking the new Starter Packs due to regulatory requirements. Therefore the current minimum 50 BVP order for a first order to qualify for free membership will remain. Changes to the plan will effect the commission you receive in early April.

Two levels within the current plan will be removed. They are Product Consultant and Associate Director. Any Member holding that status will keep that status until they move up the next level. For example, an Associate Director's requirements to qualify will remain at 150 BVP and the requirements to promote to Director will remain the same. Page eight in the March/April edition of AIM News has more about the changes.

## MARCH & APRIL PROMOTIONS

**March:** Time to try another product in the AIM product line! Simply purchase three (3) products in the AIM product line and get the 4th product at half price (retaining full BVP). There is only one restriction on this monthly promotion and that is the 4th product is of equal or lesser value than the first three products. The Member must state to call centre representatives what fourth product they want included in their order. If Australian Members wish to choose a product from the AIM New Zealand product line then they must pay the additional postage on the order. To read all about the AIM products, visit [www.theaimcompanies.com](http://www.theaimcompanies.com) then select United States. Go to the Nutrition Resources drop down box/Download Materials/Download Datasheets.

**April:** Simply include a CellStar juice pack into your April order and you will go into the drawer to win a copy of Seven Things Your Doctor Forgot to Tell You by Dr Warren Sipser & Andi Lew. These chiropractors investigate how the choices you make today affect your life tomorrow. The book is valued at \$24.95 - for more information go to [www.7things.com.au](http://www.7things.com.au)
